

I'D RECOMMEND

Responsiva for telemarketing

After using two or three telemarketing companies in relation to my business, I had spent a lot of money and had very little (and in one case, zero) back. So when Responsiva (www.responsiva.biz) contacted me and claimed they would guarantee appointments, I was a little sceptical (to say the least!)

I had a meeting with them where they found out about my business and they suggested that we do a trial by collecting some market research data on my prospective clients. From that initial trial, I gained 4 new clients.

I then instructed them to continue doing what they were doing, but they recommended I put a low limit on the number of appointments I was paying for, which again was refreshing. So far, I have seen nine appointments and have gained 7 new clients with one still undecided. I couldn't have asked for better results!

The main reason for recommending Responsiva is because of what happened when I questioned 2 of the appointments they had set. I wasn't happy with a couple of the appointments for various reasons and they just replaced them for me. Fantastic service.

So there you go, if you're looking for someone to generate good quality appointments for you, have a pride in their work and, most importantly, have a guarantee which they stand behind, call Toby Harris on 01905 779805 or visit their website at www.responsiva.biz
